Literature for PSYP64, Psychology: Developmental and Personality Psychology l applies from spring semester 2017

Literature established by Committee for Single Subject Courses at the Department of Psychology on 2016-11-23 to apply from 2017-01-16

See appendix.

John, Oliver, P., Robins, Richard, W., & Pervin, Lawrence A. (Eds.) (2008). *Handbook of personality. Theory and research*. (Rev. ed.), New York: Guilford Press. 850 pp. (selected chapters).

Other selected handbook chapters will be provided in the Course description at the beginning of the course (around 700 pages).

Article

The student will select one empirical research article each, after consulting the teacher responsible for the particular seminar. The student can select an article from the broader area in developmental and personality psychology, than the themes already encompassed in the seminars. The article should be published preferably in the last five years.
