- Summary for policy-makers (found here) [28 pages]
- Regional analysis (found here) [21 pages]
- Thematic analysis – water (found here) [6 pages]
- Thematic analysis – Climate action (found here) [5 pages]
- Thematic analysis – Land and biodiversity (found here) [8 pages]

Total number of pages: 831 Female authors in blue.

Reason for fewer number of references: Being the first course of the LUMES programme, this course has integrated within it other learning activities that would demand extensive literature consultation, reading and evaluation for fitness of use. This is the case with the module on library search that will be given by staff from the Social Sciences Library.
