General Information

The course is offered as a freestanding course.

It is included in the Bachelor's programme in Religious Studies and Theology.

The course can be included in a first or second cycle degree.

Language of instruction: Swedish

Main field of studies

Religious Studies and Theology

Depth of study relative to the degree requirements

G1N, First cycle, has only upper-secondary level entry requirements

Learning outcomes

On completion of the course, the students shall be able to

Knowledge and understanding

- identify and account for different societal, cultural and historical perspectives on religion
- account for the fundamental teaching and practice, historical emergence and written records within Judaism, Christianity, Islam, Hinduism, Buddhism, aboriginal traditions and other religious traditions
- account for the contents and historical background of the books of the Bible

- identify and account for basic perspectives on Christian faith and practices in the past and present
- identify and account for a few different perspectives, theories and methods of ethics, the philosophy of religion and systematic theology

Competence and skills

- interpret and analyse religious texts from different eras
- summarise and comment on the scholarly approach to phenomena of religious studies
- argue in writing for a position supported by theories and concepts of religious studies
- distinguish between religious and scientific language use

Judgement and approach

- assess the roles and relations of men and women within religious traditions and in religious texts
- take a position on views of religion, faith and religious practice based on an assessment of relevant facts and arguments
- scientifically assess the importance of religions for society and culture in the past and present

Course content

The course addresses the religions of Judaism, Christianity, Islam, Hinduism and Buddhism and a selection of other religious traditions focusing on the teaching, practice, texts and historical development. In particular, the contents and historical background of the Old and New Testament and the roots, historical development and present-day manifestations of Christianity are studied in detail. Furthermore, the course introduces a selection of scientific models that are used to provide social, cultural and historical perspectives on religion. Students exercise the ability to critically reflect on religions, faiths and positions on life from the perspective of philosophical and ethical theories.

The course consists of five modules:

1. History of Religions and Religious Behavioural Science I, 6 credits
2. History of Religions and Religious Behavioural Science II, 6 credits
3. Biblical Studies, 6 credits
4. Church and Mission Studies, 6 credits
5. Studies in Faiths and World Views, 6 credits

Course design

The teaching consists of lectures and seminars. Online seminars may be included. It is assumed that the student has access to a computer with Internet connection. The department will provide information about the technical requirements.

Assessment

Module 1 is assessed on the basis of an Internet-based repetition exercise and a written exam.

Module 2 is assessed on the basis of a written exam.

Module 3 is assessed on the basis of a written exam.

Module 4 is assessed on the basis of a written exam.

Module 5 is assessed on the basis of a written exam.

Subcourses that are part of this course can be found in an appendix at the end of this document.

Grades

Marking scale: Fail, Pass, Pass with distinction.

To be awarded the grade of Pass on the whole course, the student must have been awarded this grade on all modules.

To be awarded the grade of Pass with Distinction on the whole course, the student must have been awarded this grade on three modules and the grade of Pass on the remaining modules.

Entry requirements

General and courses corresponding to the following Swedish Upper Secondary School Programs: History A and Social Studies A or History 1 and Social Studies 1
