Learning outcomes

Knowledge and understanding

A passing grade on the course will be awarded to students who:

-Demonstrate knowledge and understanding of the included topics scientific foundation, methods and research questions.

Competence and skills

A passing grade on the course will be awarded to students who:

Demonstrate the ability to account for and discuss information, problems and solutions in dialogue with different groups.

Judgement and approach

A passing grade on the course will be awarded to students who:

Demonstrate the ability to conduct evaluations in relation to scientific, societal and ethical aspects.

Course content

The course contains two sequential tutorial series of 10 credits each. The tutorial series are supervised by a selection of professors and for the assignment scientific competent teachers. The selection of tutors can change between the semesters. The tutorial series connects to the involved researchers research areas and can thus change from semester to semester.

Course design

A tutorial serial consists of a number of meetings (ca 4) between a smaller group of students and a selected researcher (tutor) at the faculty. The teaching consists of discussing the course literature and eventual written assignments handed in by the students. All teaching moments (tutorials) are mandatory.

Assessment

Assessment and grading is based on the assignment that the tutor has given and is examined during the meetings in the small groups. Eventual supplementation to a passing grade will be done in accordance with instructions of the supervisor no later than during the semester following the course. Students can only get a certificate for examination elements they have passed.

The examiner, in consultation with Disability Support Services, may deviate from the regular form of examination in order to provide a permanently disabled student with a form of examination equivalent to that of a student without a disability.

Subcourses that are part of this course can be found in an appendix at the end of this document.

Grades

Marking scale: Fail, Pass.

The grading scale includes Pass and Fail.

Pass = The result is of a satisfactory standard with regard to theoretical depth, practical relevance, analytical ability and independent thought.

Fail = The result does not meet the minimum requirements with regard to theoretical depth, practical relevance, analytical ability and independent thought.

Plagiarism is considered to be a very serious academic offence. The University will take disciplinary actions against any kind of attempted malpractice in examinations and assessments. The penalty that may be imposed for this, and other improper practices in examinations or assessments, includes suspension from the University for a specific period of time.

Entry requirements

Students are considered to own the required knowledge when:

- They are admitted to the Bachelor Programme in Business Administration and Economics.
- They follow the ordinary plan of study and follow the course studies on semester 3 and 4.
- They have finished and approved courses in Business Administration 1-30 credits and in Economics 1-30 credits.
