## MEVN10, Reading Course in Interdisciplinary Gerontology, 2.5 credits

*Reading Course in Interdisciplinary Gerontology, 2,5 högskolepoäng*  
Second Cycle / Avancerad nivå

---

### Details of approval

The syllabus was approved by The Master's Programmes Board on 2009-10-13 to be valid from 2009-10-13, autumn semester 2009.

### General Information

The course is a second-cycle course in medical science. It complies with the regulations of the Higher Education Ordinance (SFS 1993:100) with later amendments. It can also be studied as a freestanding course.

*Language of instruction:* English

#### *Main field of studies*

Occupational Therapy

Physiotherapy

Nursing

#### *Depth of study relative to the degree requirements*

A1F, Second cycle, has second-cycle course/s as entry requirements

A1F, Second cycle, has second-cycle course/s as entry requirements

A1F, Second cycle, has second-cycle course/s as entry requirements

### Learning outcomes

#### Knowledge and understanding

On completion of the course, the students shall be able to

- independently identify and discuss applications of scientific knowledge in gerontology

## Competence and skills

On completion of the course, the student shall be able to

- select, present and communicate relevant knowledge in gerontology
- discuss and argue for the choice of design and method for a specific purpose and reflect on the results

## Judgement and approach

On completion of the course, the student shall be able to

- independently reflect on and demonstrate awareness of the ageing individual's resources and needs.

## Course content

The aim of the course is to increase the students' knowledge and understanding of ageing and the scientific study of ageing.

## Course design

The course consists of online part-time studies.

## Assessment

Written report.

Theoretical courses

One examination and one opportunity to retake the examination are arranged soon after the course. Students who do not achieve a pass on either of these occasions will be able to retake the examination on a later occasion. Students who have failed an examination on a theoretical course are entitled to retake the examination four times.

New examiner

A student who has taken two examinations in a course or a part of a course without obtaining a pass grade is entitled to have another examiner appointed, unless there are special reasons to the contrary (Swedish Code of Statutes 2006:1053). The request is to be made to the programme director.

*Subcourses that are part of this course can be found in an appendix at the end of this document.*

## Grades

Marking scale: Fail, Pass.

## Entry requirements

To be admitted to the course, students must have a degree in occupational therapy, physiotherapy or nursing equivalent to a degree of Bachelor (180 credits including 15 credits of project work) or the equivalent, as well as completed the course Introduction to Interdisciplinary Gerontology, 5 credits.
