GXX, First cycle, in-depth level of the course cannot be classified

### Learning outcomes

The aim of the course is to enable students to acquire the following knowledge and skills on completion of the course.

### Knowledge and understanding

The student shall on completion of the course

- have a broadened understanding of basic harmonic processes and
- have a developed inner hearing.

### **Competence and skills**

The student shall on completion of the course

- have a developed ability to use the piano in different professional contexts and
- have a developed ability to use the piano as support for personal artistic development and creativity.

### **Judgement and approach**

The student shall on completion of the course

- have a developed ability to identify personal needs for skill development.

### **Course content**

The course mainly consists of relevant piano literature as well as compendiums. The courses Piano 1- 4 should comprehensively highlight different styles and traditions in aural based tradition. The course assumes approved result of earlier course MUUH41.

### **Course design**

The course is carried out in the form of individual lessons and individual work (practicing, preparations).

### **Assessment**

Examination of the course is arranged through continuous assessment and tests. Examination rules, such as examination requirements and mark limits, shall be communicated to the student at the beginning of the course.

Re-examination of the course shall be offered in close connection to the regular examination.

The examiner, in consultation with Disability Support Services, may deviate from the regular form of examination in order to provide a permanently disabled student with a form of examination equivalent to that of a student without a disability.
