Music

*Depth of study relative to the degree requirements*

GXX, First cycle, in-depth level of the course cannot be classified

### Learning outcomes

The aim of the course is to enable students to acquire the following knowledge and skills on completion of the course.

### Knowledge and understanding

The student shall on completion of the course

- show a well developed vocal ability and
- in music-making, show a well developed understanding of the style and expressions of the current repertoire.

### **Competence and skills**

The student shall on completion of the course

- have a well developed ability to study and carry out artistic assignments and also
- have a well developed ability to reflect on the personal artistic approach.

### **Judgement and approach**

The student shall on completion of the course

- have a well developed ability to identify personal needs for skill development.

### **Course content**

The course mainly consists of relevant literature chosen in consultation with the teacher in charge. The repertoire should comprehensively highlight different styles and epochs. The course assumes approved result of earlier course MUUH51.

### **Course design**

The course is carried out in the form of individual lessons and individual work (practicing, preparations).

### **Assessment**

Examination of the course is arranged through continuous assessment and tests. Examination rules, such as examination requirements and mark limits, shall be communicated to the student at the beginning of the course.

Re-examination of the course shall be offered in close connection to the regular examination.

The examiner, in consultation with Disability Support Services, may deviate from the regular form of examination in order to provide a permanently disabled student with a form of examination equivalent to that of a student without a disability.

*Subcourses that are part of this course can be found in an appendix at the end of this document.*
