Kursens mål

On completion of the course, the student shall

Kunskap och förståelse

demonstrate a thorough practical knowledge about activities and work procedures of the organisation where the internship takes place

demonstrate a deeper understanding of earlier parts of the education within the programme

Färdighet och förmåga

demonstrate an ability to critically and independently formulate a research problem concerning the management of welfare policies

demonstrate an ability to use appropriate theories and methods in conducting applied studies

communicate results of learning and research processes to different kinds of recipients within given time frames, both in writing and orally.

Kursens innehåll

The student spends ten weeks in a relevant organisation and during this period is continuously engaged in its activities, working with qualified tasks related to welfare policies and management and conduct an independent study. The student is guided and supported by a supervisor appointed by the organisation in which the internship takes place.

Kursens genomförande

The student's workplace supervisor makes an assessment of the internship in the form of a written statement in English or Swedish containing information about the name of the student, the name of the organisation, the time period of the internship, what kind of tasks the student has worked with, and the quality of his or her work. Written documentation of the student's work is added to the statement.

Kursens examination

In addition, the student writes an independent study of the organisation and its work practices in English, with explicit references to earlier parts of the education within the programme. The study is discussed and examined at a special seminar or at an individual session with the examiner. The student also presents a description of the internship and an abstract of the independent study at the website for the course (LUVIT).

Prov/moment för denna kurs finns i en bilaga i slutet av dokumentet.
