

Literature for MATC12, Mathematics: Ordinary Differential Equations 1 applies from autumn semester 2019

**Literature established by Study programmes board, Faculty of Science on
2019-06-04 to apply from 2019-06-04**

See appendix.

Litteraturlista för MATC12, Matematik: Ordinära differentialekvationer 1 gällande från och med höstterminen 2019

Karl Gustav Andersson, Lars-Christer Böiers, Ordinary Differential Equations, 2019,
Studentlitteratur, First Ed., ISBN: 9789144134956

Course literature for MATC12, Mathematics: Ordinary Differential Equations 1 valid from autumn term 2019

Karl Gustav Andersson, Lars-Christer Böiers, Ordinary Differential Equations, 2019,
Studentlitteratur, First Ed., ISBN: 9789144134956
