

**Literature for FYST64, Physics: Physics and Chemistry of
Surfaces applies from spring semester 2023**

Literature established by Study programmes board, Faculty of Science on
2022-06-14 to apply from 2022-06-14

See appendix.

Fysiska institutionen

Litteraturlista för FYST64, Fysik: Ytors fysik och kemi gällande från och med vårterminen 2023

Hofmann, Philip, *Surface Physics: An Introduction*, Ebook (EURO 9.95)
available from: <https://philiphofmann.net/surface-physics-book/>

Gross, Axel, *Theoretical Surface Science*, Ebook available through LU
Library

Ibach, Harald, *Physics of Surfaces and Interfaces*, Ebook available through
LU Library

Course literature for FYST64, Physics: Physics and Chemistry of Surfaces valid from spring term 2023

Hofmann, Philip, *Surface Physics: An Introduction*, Ebook (EURO 9.95)
available from: <https://philiphofmann.net/surface-physics-book/>

Gross, Axel, *Theoretical Surface Science*, Ebook available through LU
Library

Ibach, Harald, *Physics of Surfaces and Interfaces*, Ebook available through
LU Library
