

**Literature for FYSB21, Physics: Mathematical Methods for
Vibrations, Waves and Diffusion applies from spring semester
2024**

**Literature established by Study programmes board, Faculty of Science on
2023-09-27 to apply from 2024-01-01**

Wacker, A, Mathematical Methods for Vibrations, Waves, and Diffusion,
Compendium Lund University

Franklin, J, Mathematical Methods for Oscillations and Waves, Cambridge University
Press 2020, ISBN: 9781108769228
