Students are expected to read an overall 1250 pages for this course, which they are advised to combine as follows: half (625 pages) to be taken from the literature suggested above, according with their choice of assignment, and half (625 pages) to be found by students from their own independent research so to be most relevant to the particular organizational setting of the student. The literature is expected to be used as reference material and for support in carrying out the course assignments as well as in carrying out tasks for the host organisation.
